What letter is this?

Can you point to another card with the same shape?
Can you tell them what number it is?

Look at this bug. How many spots are on its back?
Can you help me to read these words?

Comments from EYI survey

• ‘The picture-based questions had pictures that were similar to the events happening around. The dress worn by people in the pictures, their hair colour, the activities that they did like flying kites were also very Indian.’

• ‘Picture based questions were culturally appropriate like kite, lorry etc. Names of the characters were appropriate.’
